

XTR Craftsman D3O knee pads, 2-ply, one size

Item number:

SNI-9191-0405-000

Created on 27.12.2023

Description

State-of-the-art knee protection for work that frequently requires kneeling positions. The D3O® material retains its shape for a long time and offers impact protection. A lightweight construction and supportive ventilation provide flexibility and comfort.

Craftsman knee pads that provide state-of-the-art knee protection for frequent and prolonged kneeling work. EN 14404 Type 2 Level 1 stands for protection against pebbles, nails and various uneven surfaces during work that requires mobility. The pads are made of the innovative D3O® material, which offers improved impact protection and retains its shape over time. The curved and extremely durable design also ensures that the knee pads remain securely in place. The inner material adapts to the knee and distributes the pressure in the kneeling position.

- EN 14404 type 2, knee protection level 1
- D3O® material as impact protection
- Stable shape even when working on the knees for long periods of time
- Stability and flexibility thanks to ergonomic design
- Durable and long-lasting design

Material:
