

Winder for pre-marking rope 42 cm

Item number:

CMC-ARAVCG

Created on 30.12.2025

Description

Tidiness on the construction site is particularly important when it comes to road markings.

With this rope drum with transmission, your rope for road markings can be rolled up and stowed away quickly and easily.

Roll width: 26 cm

Capacity: approx. 1,000 meters of pre-marking rope (depending on the diameter of the rope)
