

Impact protection yellow with black foil strips 1000 x 600 mm diameter 60.3 mm

Item number:

TIO-02 1000X600X60

Length:

1000 mm

Height:

600 mm

Created on 27.12.2023

Description

Impact protection bars prevent collision damage by company vehicles in warehouses or delivery zones and thus effectively protect sensitive work areas, inventory (machines, shelves, columns, pipes, etc.) as well as company traffic routes (e.g. separation of forklift traffic and walkways).

With base plate for screwing on.

Length: 1000 mm

Height: 600 mm

Diameter: 60.3 mm

Coating: galvanized and powder coated with black foils

Fixing material is not included

The impact protection bar is also available in other color combinations. Please indicate this in your inquiry.
