Description

The Flexi dog waste bags are perfectly matched to the Flexi dog waste bag dispensers. They offer a convenient, hygienic solution for disposing of dog waste.

Thanks to their extra sturdy design, the dog waste bags are particularly tear-resistant. Made from environmentally friendly HDPE recycled material, the bags actively help to protect the environment. The closed raw material cycle and the use of recycled materials make the bags for gackerl particularly sustainable. In addition, the opaque design ensures discreet handling.

The bags are blocked and can be easily removed individually thanks to a fine perforation, enabling quick and clean use in everyday life - ideal for dog owners, cities, municipalities and dog toilet systems.
