

SOPPEC - Tracing PRO floor marking spray yellow - RAL 1023

Item number:

SOP-152002E

Created on 31.05.2026

Description

For small indoor and outdoor markings or for pre-marking road markings.

The floor markings are visible for up to 12 months (depending on the surface and load on the marking)

- For high brilliance, contrast and durability
- A high-performance paint that is suitable for industrial indoor and outdoor use.
- Better dirt resistance than competitor products
- At optimum speed and on a smooth floor, a 90 m and 75 mm wide line can be marked in one pass
- Touch-dry in 11 minutes, can withstand light traffic in 60 minutes and heavy traffic in 24 hours
- Can be used with the Soppec Driver marking trolley
- Certified according to NSF (storage and food contact)

1 packaging unit = 6 spray cans of 750 ml each

84 packaging units correspond to a full pallet = 504 spray cans per 750 ml
